

IIMK - VPN Configuration Guide

For accessing Intranet and library resources from off-campus, configure the following VPN settings in your smart phone.

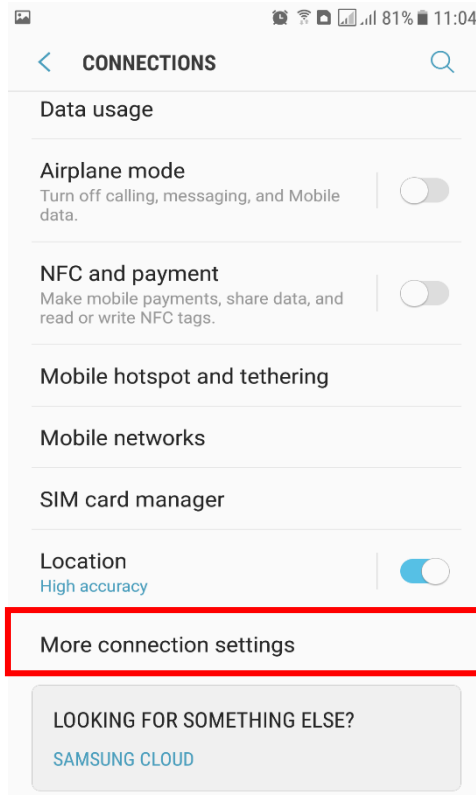

Step 1: Go to Device settings by selecting “*settings*” icon which is shown in red circle

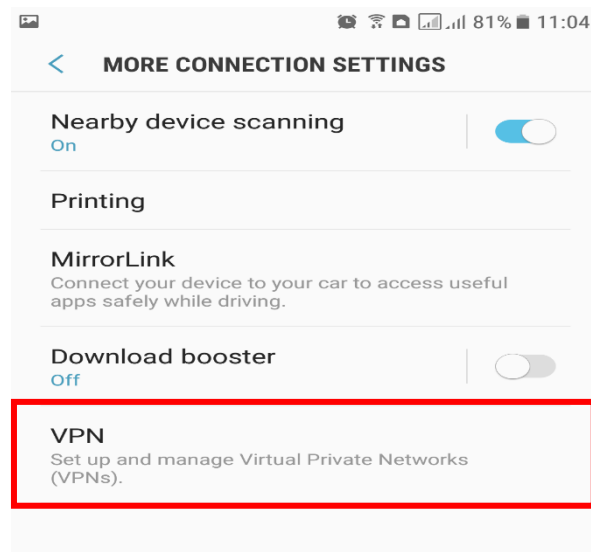

Step 2: In Settings Menu Select “*Connections*”

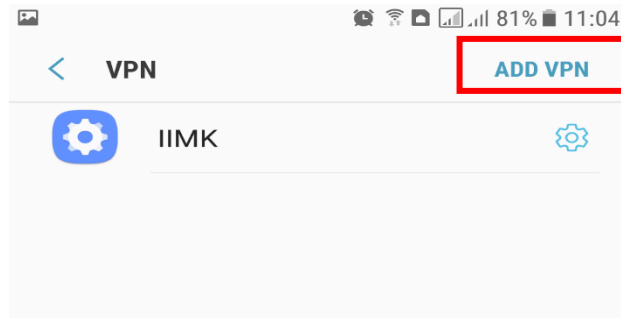

Step 3: In connections menu select “*More connection settings*”

Step 4: In More connection settings, select “*VPN*”

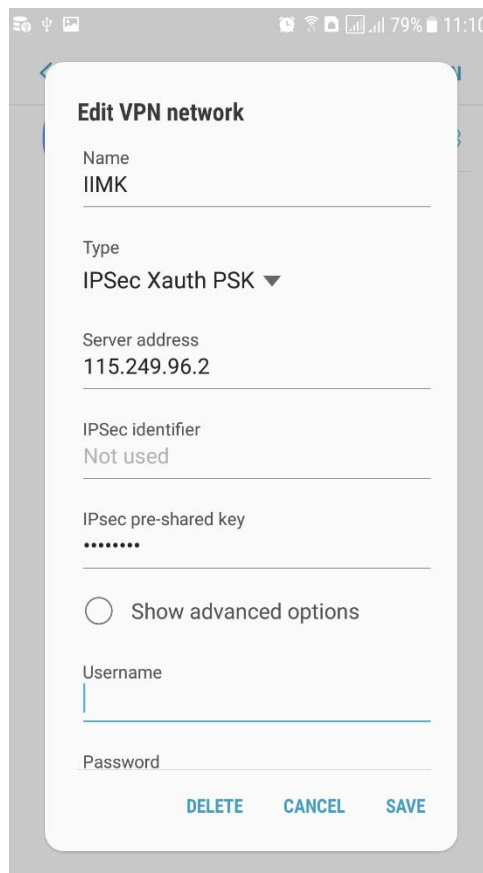

Step 5: In VPN settings, select “**ADD VPN**”

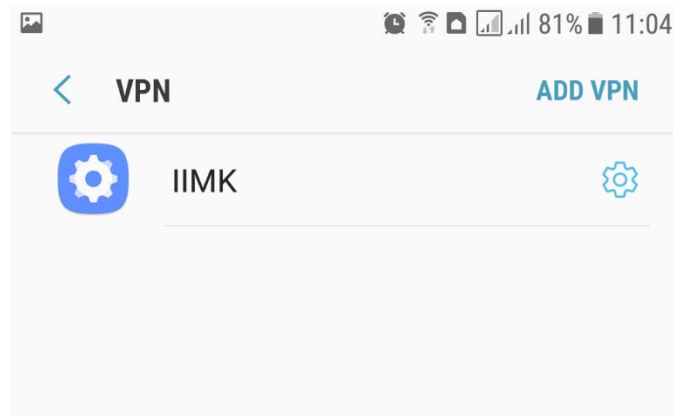

Step 6: ADD VPN will pop up a new window where you have to fill the following details

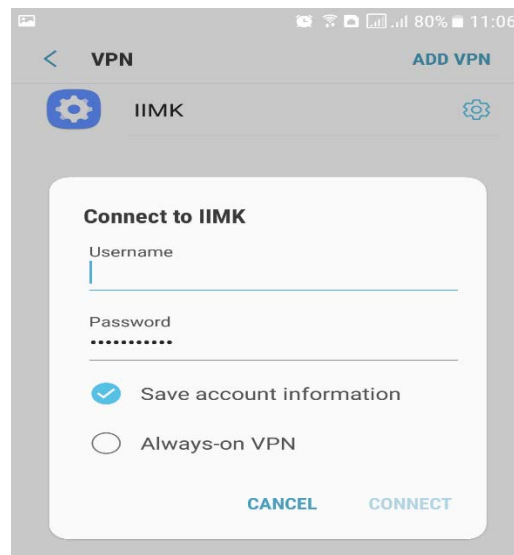

1. Connection name: **IIMK** (Name you prefer for this connection)
2. Select the type **IPSec Xauth PSK** (For iphone/ipad **Cisco**).
3. Server address: 115.249.96.2
4. IPsec pre-shared Key: iimk1234
5. Enter your IIMK username and password in the corresponding fields
6. **Save** the Configuration

Step 7: After saving the configuration it shows VPN Connection Name

Step 8: Click the Configured VPN name then enter the IIMK credentials and connect.

Step 9: Once it's connected you can access our intranet and Library resources from off-campus.
