- **Faculty Guided Capstone Project:** Apply your learning, receive feedback, and present your findings
- **2-Day Campus Immersion:** 2-day immersion at IIM Kozhikode for face-to-face learning

Frequently Asked Questions

What will be the mode of learning?

There would be 3-hr weekly live-online lectures on Sunday conducted by IIMK faculty. The programme is spread across 05 modules for a duration of around 10 Months. The learning experience would include rich discussions with eminent faculty and seasoned peers, case-based learning, assignments and quizzes, guided capstone project work for which the learners have to put in additional efforts beyond office hours.

Who evaluates the assignments, projects and simulations for this programme?

The examination and evaluation of graded submissions, project work and simulations, if any, is at the discretion of the IIMK's faculty.

Is there a campus immersion included in the programme?

For an immersive and experiential learning journey, this programme offers a campus chapter at IIM Kozhikode campus of 2 days as a part of the programme's learning journey providing a rich networking and face-to-face learning opportunity.

Who grades/gives inputs on the assignments and projects?

Examination/Evaluation shall be conducted by the Institute.

Is there a qualifying mark/grade to get the final certification in this programme?

Yes, the qualifying mark is 50%.

Do I get Alumni status of the Institute on completion of this programme?

On successful completion of the programme, participants will be eligible for the prestigious IIM Kozhikode Executive Alumni Status. The Executive Alumni benefits are subject to the discretion of IIM Kozhikode.

Will Emeritus/ Institute help with placement services?

This programme is designed with some of the best faculty and covers relevant topics in a manner that creates positive career outcomes. Over 87% Emeritus learners have witnessed career growth post completing their programme. As an additional service, Emeritus will provide job placement assistance, resume writing guidance, navigating job search and interview preparation along with this programme. All this guidance is provided over recorded videos, this is not live.

What type of certificate will I receive?

Upon successful completion of the programme, with a minimum 75% attendance and satisfactory academic performance, participants will be awarded a certificate of completion and will be eligible to receive IIM Kozhikode's Executive Alumni Status (optional). If your attendance is below 75%, then you will not be eligible for a Certificate.

How long will I have access to the learning materials?

The primary mode of learning for this programme is via live online sessions with faculty members. The recorded videos and learning material will be available throughout the duration of the programme.

What if I don't find the programme appropriate for me after starting the sessions? Can I seek a refund?

Your chosen programme has a 95% satisfaction rating by 350+ past learners. We encourage the learners to complete the programme to fully understand the concepts and derive valuable learning outcomes. Should you still feel the need to stop your learning journey, a refund request can be initiated before the programme commencement. However, after the programme commences, fee becomes non-refundable.

Note: This Programme Summary is provided only for your convenience. You are advised to refer to the brochure for more information.

The IIM Kozhikode Advantage

From The Director's Desk

Businesses today have seen a complete transition than they used to run a decade ago. IIM Kozhikode programmes designed by world-class faculty with their cutting-edge thought leadership and industry-leading insights empower participants to manage and lead complex business challenges with confidence and informed decision-making ability. Our growing global footprints acknowledged and accredited by leading institutions of the world are a testimony to growth we have achieved in our 29-year journey of academic excellence.

At this juncture, it is also pertinent to share that both future and past are integral to the path taken by an institution on this journey of excellence. Having a wide, far-seeing vision is not an indulgence but an activity necessary to give meaning to our present and give this Institution a sense of purpose, direction, and imagination. That is why we have chosen to think about what IIM Kozhikode will be able to contribute to India and the world some three decades from now with 'Vision 2047: Globalizing Indian Thought'. The Institute has set for itself a pre-eminent role with the above motto. The sheer scale, scope, and potential impact that India will have on 21st-century businesses makes us believe that this is a legitimate aspiration

With the advancements in health sciences and the rise of lifestyle-related diseases among the population, Healthcare Management has distinguished itself as one of the most critical and fastest growing sectors in the current age. Knowledge of the right tools can propel your career in Healthcare Management. With the objective of developing individuals with the necessary leadership and communication competencies to lead the 21st-century healthcare ecosystem, IIM Kozhikode has designed the Healthcare Management and Analytics programme. This programme will empower Healthcare professionals and those with an interest in healthcare management to take the next step in their careers through topics such as Hospital Management, Quality Measurement and Benchmarking, Optimisation Techniques and Lean Management.

Wishing you all the very best!

Prof. Debashis Chatterjee

Director,
Indian Institute of Management Kozhikode

Healthcare Industry

Between 2016-2030

According to the Economic Survey 2023-24, India's public expenditure on healthcare increased to 1.9% of GDP in FY24, up from 1.4% in FY18.

Source: Press Information Bureau

According to a report by TechSci Research, the hospital sector in India was valued at USD 108.57 billion in 2024 and is anticipated to reach USD 197.31 billion by 2030, growing at a CAGR of 10.64% during 2025-2030.

Source: India Hospital Market | Size and Share | Report 2030F | TechSci Research

The Indian MedTech market is valued at approximately USD 12 billion as of 2023-24.

Source: India's MedTech transformation: paving the path to global leadership | EY - Global

The e-health market size is estimated to reach USD 10.6 billion by 2025.

Future of Healthcare

Trends to look for in the coming years

The Indian healthcare industry reached over USD 370 billion in 2022. According to Nexdigm, the healthcare industry is expected to reach over USD 610 billion by 2026. This increase in market size is due to growing demand for specialised and higher quality healthcare facilities.

India's digital healthcare market could generate USD 37 billion in revenue by 2030, consulting firm Boston Consulting Group and Singapore-based venture capital firm B Capital stated in a joint report.

India has seen a growing acceptance of telemedicine post pandemic. The telemedicine market in India was almost USD **830 million in 2022 and is expected to grow at a CAGR of 24% from 2023 to 2030.**

The patient-monitoring market in India is expected to grow at a **CAGR of 9.39% over the next five years.**

As healthcare organisations turn towards trusted-third party software providers to focus on patient care, the Indian healthcare SaaS industry is expected to increase at a **CAGR of 19.5% and reach USD 50 billion by 2028.**

The Indian transformational diagnostic market is expected to grow at a **CAGR of 7.12% till 2025.** Transformational diagnostics are pivotal in population health management, as they can help identify individuals at risk of certain diseases and conditions.

Programme Overview

According to the Government of India, India's healthcare industry is expected to grow to USD 50 billion by 2025. There has also been a 137% increase in funds allocated by the Government of India for healthcare expenditure. Further projections anticipate expansion to USD 120-130 billion by 2030.

Healthcare Management and AI Applications by the Indian Institute of Management (IIM) Kozhikode is a comprehensive programme designed to equip healthcare professionals with the necessary skills to enhance the delivery of healthcare services. This 10-month programme covers various aspects of healthcare management, including healthcare operations, financial and brand management in healthcare, healthcare analytics, strategic leadership and leading digital transformation.

The programme is delivered through a series of modules that include live online sessions, case studies, self-paced learning materials, and interactive discussions. It aims to provide participants with a practical understanding of the healthcare industry, addressing its challenges and opportunities. Additionally, participants will gain insights into using data analytics and AI applications to optimise healthcare delivery and improve patient experiences.

Upon completion of the programme, graduates will be well-equipped to take on leadership roles in healthcare organisations. They will possess a deep understanding of the healthcare industry's challenges and opportunities and have the necessary skills to manage healthcare operations, drive innovation and enhance the quality of care provided to patients.

Starts on
December 23, 2026

Duration
10 Months

Capstone Project

The hands-on capstone project is a crucial component of the learning process and will be conducted in groups. Each group will select a business case from the healthcare sector and analyse it using qualitative and/or quantitative methods. By the end of the project, participants will have developed skills in identifying a business issue, analysing it, and formulating practical solutions within the real-world context of the healthcare industry.

Note:

- Modules/topics are indicative only, and the suggested time and sequence may be dropped/ modified/ adapted to fit the overall programme needs.
- The schedule will be announced closer to programme start.
- The primary mode of learning for this programme is via live online sessions with faculty members. Emeritus or the institute does not guarantee availability of any session recordings. The recording of the live sessions will be made available to the participants until the duration of the programme.
- Study materials will be provided in either electronic or hard copy format, per the respective course's requirements. For learners residing in India, any courier charges will be borne by the institution. For international learners, courier charges for physical study materials shall be borne by the learners themselves.

Case Studies

APOLLO GLENEAGLES HOSPITALS: THE NEXT STEPS FOR GROWTH

By Sandeep Goyal and Amit Kapoor

Identify the key features of value-based, integrated healthcare delivery for providing tertiary care in emerging economies; understand the application of different tools and techniques for assessing and refining a strategy; provide an analytical approach for evaluating the success of a clinical integration effort along numerous dimensions; identify the healthcare delivery challenges associated with offering integrated tertiary care in India; and understand the decision dilemmas and strategic choices involved in designing the growth model.

Vanderbilt University Medical Center: Elective Surgery Schedule

By Lauren E. Cipriano, Vikram Tiwari, Warren S. Sandberg and Gregory S. Zaric

Variation in daily surgical case volume was a significant problem for the large multi-speciality medical centres. Knowing the expected surgical volume a few weeks in advance would allow the healthcare administrators to adjust staffing to better match the demand, and plan for contingencies. This case helps participants understand how a predictive model to improve surgical case volume prediction is actionable in a managerially useful time frame.

Package Pricing at Mission Hospital

By Sriram TK, Shailaja Grover, Satyabala Hariharan and Dinesh Kumar Unnikrishnan

This case considers adoption of a package pricing (flat fee) strategy and the subsequent challenges of identifying the key factors driving the total cost of treatment.

Note:

- Listed above are a few indicative case studies, and the programme will include additional case studies specially curated by the faculty

Industry Expert Sessions

Implementing AI in healthcare

Generative AI in Healthcare: Transforming Patient Care & Medical Operations

The Future of Telemedicine and Remote Patient Care

International Healthcare System

Note:

- Industry Expert sessions will delve into emerging themes, fostering a deeper understanding that extends beyond the core programme content.
- The session-slot for the industry expert sessions would be as per the availability of the Industry Expert.
- The topics of Industry Expert sessions are indicative and may change without prior notice.

Programme Certificate

Participants will be awarded a completion certificate from IIM Kozhikode on successfully completing all evaluation components and maintaining a minimum attendance of 75%. Participants who are unable to clear all evaluation components, but have a minimum attendance of 75%, shall be awarded a participation certificate.

Note:

- All certificate images are for illustrative purposes only and may be subject to change at the discretion of IIM Kozhikode.
- We encourage you to attend all the live sessions and make the best out of these interactive learning experiences. The recording of the live sessions will be made available to the participants until the duration of the programme.

IIM Kozhikode Executive Alumni Status

On successful completion of the programme, participants will be eligible for the prestigious IIM Kozhikode Executive Alumni Status. These participants will subsequently receive the alumni registration details from IIM Kozhikode.

The benefits include:

- Eligible to receive Publications and Newsletters of IIMK periodically
- Online access login details to Kasebook (Online Alumni Portal)
- Issuance of Alumni Identity Card
- Availing MDC/Guest Rooms at prevailing rates subject to availability

Note: The Executive Alumni benefits are subject to the discretion of IIM Kozhikode.

Learning Outcomes

Demonstrate Proficiency in Core Healthcare Management Functions

Operations, Finance, Human Resources, Marketing, and Technology Management

Strategic Planning and Execution

Formulate and implement effective growth strategies in healthcare delivery systems and management

Apply Analytical Techniques to Solve Real-world Challenges

Such as Data Modelling, Predictive Analytics, Data Visualisation, Lean Management

Develop Impactful Communication

Build on the necessary interpersonal and communication competencies to lead the dynamic healthcare ecosystem

Promote Innovation and Continuous Improvement

Gain insights into emerging trends in healthcare innovation and digital transformation opportunities

Lead Digital Transformation and AI Applications in Healthcare

Develop a strategic skill set to drive digital transformation and leverage AI

Testimonials of Past Participants

DALIAMMA K S

Clinical Pharmacist
Dr Ramesh cardiac and
multi-speciality hospitals

“ The best part of this programme was the application of data analytics in marketing, finance, product sales, customer care, and digital marketing. This programme helped all the participants acquire a data-driven analytical framework, solve critical business challenges, implement effective changes, and enhance growth efficiency. ”

Rajesh Batlish

City Head
Dr Lal Path Labs

“ The presentations on the latest healthcare advancements and the role of data analytics and AI have greatly expanded my understanding of the industry's future direction. I now feel better equipped to make informed decisions about my career path. ”

Suman Kalyan Pal

Assistant Manager
Motherhood Hospital, NH,
Fortis, Mission Hospital

“ The faculty at IIMK were exceptional. They provided advanced pedagogical learning that can be applied in the near future. Their encouragement and guidance have given me the confidence to embrace the challenges of the corporate world and strive for success. ”

Ashwini Dadhe

Assistant Manager
Motherhood Hospital, NH,
Fortis, Mission Hospital

“ I was thoroughly impressed with the programme! The breadth of subjects covered was remarkable, and the faculty dedication to sharing in-depth knowledge while fostering engaging discussions truly made the sessions both enjoyable and informative. ”

Testimonials of Past Participants

Dr Sri Divya

Clinical Pharmacist
Dr Ramesh cardiac and
multi-speciality hospitals

“The programme curriculum is the best part, as it covers the basics of all key areas in healthcare management. It helped me understand management concepts, identify problem areas, and learn how to address them effectively.”

Dr Amrita Joshi

Registrar
Manipal Hospitals

“The best part of the programme was the informative lectures delivered by eminent professors. The additional readings shared by them helped me gain a better understanding of the fundamentals.”

Madhur Murti

City Head
Dr Lal Path Labs

“Excellent faculty, extensive knowledge sharing, and a continuous approach to resolving doubts until they are completely clarified. The use of live and realistic examples from the current industry helped me compare and analyse various strategies effectively.”

Gargi Mazumdar

Assistant Manager
Motherhood Hospital, NH,
Fortis, Mission Hospital

“All the professors were excellent; the way they explained the subject matter in simpler terms made it easy to understand. The programme was well-structured, insightful, and highly enriching.”

Testimonials of Past Participants

Gauri Saxena

Assistant Professor
Government Service

“ It was an interesting and informative course that provided comprehensive insights into the field of Healthcare Management and Analytics. I look forward to building on this achievement by pursuing further studies in the field at an international level. Many thanks to the faculty of IIM Kozhikode, the programme coordinators, and Emeritus for providing me with this opportunity. ”

Vikas Jacob

Managing Director
Prohealth Business
Solutions Private Limited

“ The best part of this programme was the opportunity to meet and network with like-minded individuals. It helped me expand my professional network and gain valuable insights into the industry. Additionally, the mentorship and guidance provided by experienced professionals enhanced my understanding of the industry and enabled me to make more informed decisions about my career path. ”

Vibhor Prajapati

Senior Consultant
KPMG India

“ I'm thrilled to share my certificate from IIM Kozhikode for the "Healthcare Management and Analytics" programme. This 10-month long experience was enriching, challenging, and incredibly rewarding. Learning alongside top healthcare professionals was truly inspiring. A huge thanks to the faculty, programme coordinators, the Emeritus India team, and my supportive groupmates for making this journey unforgettable! ”

Testimonials of Past Participants

Gangalakshmi H

Deputy Manager
NEC Corporation India

“Completing the IIM Kozhikode Professional Certificate Programme in Healthcare Management and Analytics has equipped me with the tools and knowledge needed to excel in the healthcare industry. A big thank you to IIM Kozhikode for this invaluable learning experience!”

Zoom software client installed on your PC/ Laptop/ Mac

About IIM Kozhikode

Established in 1996, with its first Post Graduate Programme (PGP 01) officially initiated in 1997, the Indian Institute of Management Kozhikode (IIMK) is on a high-growth trajectory today, offering a wide range of academic programmes in the field of management education. These include the Fellow Programme in Management, Executive PG Programmes, Management Development Programmes, and Faculty Development Programmes. In 2013, IIMK set up a satellite campus at Infopark, Kochi, dedicated to Executive Education. The institute also has the unique distinction of launching a PhD (Practice Track) programme for working professionals, besides introducing dynamic programmes such as the one-year Post Graduate Programme in Business Leadership (2019), MBA in Finance, and MBA in Liberal Studies & Management (2020). IIMK is also home to IIMK LIVE – a first-of-its-kind start-up incubation programme, the Indian Business Museum and seven Centres of Excellence. IIM Kozhikode has retained its 3rd position in the NIRF India Rankings 2025 (Management) — marking the third successive year among India's Top 3.

The institute also features regularly among top global institutions for its flagship MBA (PGP) and EMBA (EPGP) in the QS World University Rankings. IIMK has leapfrogged 100 spots to secure a place in the Top 151–200 Institutes in Business & Management Studies globally, as per the QS World University Rankings by Subject 2024. In a remarkable boost to IIM Kozhikode's global credentials, newly launched programmes like PGP-BL (2019) and PGP-Fin (2020) have also entered the Top 151+ programmes worldwide in their respective QS Rankings. IIM Kozhikode is globally accredited by EQUIS (EFMD) and AMBA (UK). IIM Kozhikode made its debut in the prestigious Financial Times Rankings in 2023 and was recently ranked #76 globally in the Financial Times Open-Enrolment Executive Education Rankings 2025. The feat has further consolidated the 30-year's IIM's footing in an exclusive list of the foremost providers of executive education in the world. The institute has also consistently featured among the Top 70 MBA programmes globally in the Financial Times Masters in Management (MiM) Rankings for its flagship PGP. Over the past two decades, IIM Kozhikode has successfully delivered close to 1,450 MDP programmes, training more than 55,000 participants from 200+ organisations, including several Fortune 500 companies.

#4

In India, #76 Global Rank, Financial Times Open Enrolment Rankings 2025

#3
