IIM Kozhikode programmes designed by world-class faculty with their cutting-edge thought leadership and Industry-leading insights empower participants to manage and lead complex business challenges with confidence and informed decision-making ability. Our growing global footprints acknowledged and accredited by leading institutions of the world are a testimony to growth we have achieved in our 28-year journey of academic excellence.

At this juncture, it is also pertinent to share that both the future and past are integral to the path taken by an institution on this journey of excellence. A wide, far-seeing vision is not an indulgence but a necessity to give meaning to our present, providing the institution with a sense of purpose, direction, and imagination. This is why we contemplate what IIM Kozhikode will contribute to India and the world a few decades from now with "Vision 2047:" Globalizing Indian Thought. The institute has set for itself a pre-eminent role with this motto. The sheer scale, scope, and potential impact that India will have on 21st-century business makes us believe that this is a legitimate aspiration.

Significantly, in a challenging sales-driven environment, seasonal professionals can foster effectiveness by using well-developed marketing channels to leverage the organization's growth. Pursuing a Professional Certification Programme in Strategic Sales Management and New Age Marketing equips professionals to improve sales through contemporary methods.

Wishing you all the very best!
