From The Director's Desk

Businesses today have undergone a complete transition from how they operated a decade ago. It is thus imperative for professionals, industry leaders, business owners, and aspiring entrepreneurs of both present and future generations to expand their knowledge across domains and proactively make decisions to become effective leaders.

The programmes at IIM Kozhikode, designed by world-class faculty with cutting-edge thought leadership and industry-leading insights, empower participants to manage and lead complex business challenges with confidence and data-driven, informed decision-making abilities. Our growing global footprint, acknowledged and accredited by leading institutions worldwide, is a testimony to the growth we have achieved in our 28-year journey of academic excellence.

At this juncture, it is also pertinent to emphasize that both the future and the past are integral to the path taken by an institution on the journey of excellence. Having a broad, far-seeing vision is not an indulgence but a necessity to give meaning to our present and to provide this Institution with a sense of purpose, direction, and imagination. That is why we have chosen to envision what IIM Kozhikode will be able to contribute to India and the world some three decades from now with Vision 2047: Globalizing Indian Thought. The Institute has set for itself a pre-eminent role with the motto mentioned above. The sheer scale, scope, and potential impact that India will have on 21st-century business make us believe that this aspiration is legitimate. We welcome you to explore this opportunity to become a digital marketing visionary and set the standard for your industry by pursuing the IIM Kozhikode Professional Certificate Programme in Digital Marketing for Performance & Growth.
