ADVANCED OPERATIONS MANAGEMENT & ANALYTICS

10 Months, Live Online Sessions
IIM Kozhikode Executive Alumni Status

Overview

Digital disruptions led by emerging technologies, automation and data analytics have transformed the business-as-usual ways of managing manufacturing and service operations. Globally, businesses are realising the need to continuously adapt, evolve and transform their operations towards digitisation, not only as an innovative option but as an operational necessity. With the 'Make in India' initiative aiming to create 100 million jobs in the manufacturing sector by 2022 (IBEF, 2020), there is a high demand for skilled professionals in operations management and analytics with strategic business acumen.

The **Advanced Operations Management & Analytics** programme from the Indian Institute of Management Kozhikode (IIM Kozhikode) provides a nuanced understanding of advanced concepts and practices in this domain. Joining this comprehensive programme will enable you to explore how effective operations management driven by analytics can lead to improved efficiencies, significant cost savings, higher customer satisfaction, and organisational excellence.

Starts On

June 30, 2022

Duration

10 Months

Format

Live Online Sessions

Programme Fee

INR 1,70,000 + GST

**Begins with an introduction to the platform*

Why upskill in Operations Management and Analytics?

90% of the manufacturing work done is in a predictable work environment (physical activities and machine operations) and has the potential to be automated.

Source: McKinsey, 2020

The global industry 4.0 market is expected to surpass US\$210 billion by 2026.

Source: Facts and Factors Research Report, 2020

79% of executives see the predictive maintenance of industrial machinery as a primary application of industrial analytics in the next three years.

Source: Deloitte, 2020

Who is this programme for?

Whether you are an experienced professional in any major manufacturing or service-providing organisation, or a small business owner, understanding the integration of operations management with data analytics is critical to success. Gain expertise in lean operations management and analytics to improve project planning, manage the production scheduling process, and apply forecasting to meet demand-related challenges.

This programme is best suited for:

- Early and mid-stage professionals aspiring to build and advance their careers in operations management by learning to leverage effective operations strategies and analytics in improving operational efficiencies and achieving business outcomes
- Mid-stage Operations Professionals looking to acquire a strategic mindset and learn advanced concepts in operations management and analytics to transition into senior management roles

This programme is perfectly suited for people who are...

Organised

Detail-oriented

Efficient

Diligent

Team-player

Programme Highlights

This cutting-edge programme will equip you with multi-faceted operations management strategies and analytical tools to improve operational efficiencies, forecasting, and risk management, and seeks to help you position yourself as an industry-ready professional in process optimisation.

Receive a Certificate of Completion from one of India's leading B-Schools (NIRF, 2020)

Learn from distinguished IIM Kozhikode faculty, Emeritus global faculty* & reputed industry experts

Gain practical insights and experience high-impact learning with real-world case studies

Be eligible for the lifelong Executive Alumni Status and expand your professional network

Explore best practices and advanced perspectives in effective operations management & analytics

Gain hands-on learning through a project and assimilate learnings from industry-oriented curriculum

**Emeritus global faculty sessions could be scheduled on a different time zone, depending on speaker availability.*

Programme Director

Prof. Ram Kumar P. N.

*Professor,
Quantitative Methods and Operations Management*

Professor Ram Kumar has an M.E. in Industrial Engineering from PSG Tech Coimbatore and a PhD from IIT Madras. His research areas include transportation network optimisation, military logistics, and operations research in healthcare. He is currently working on a project that tries to understand the suitability of ant colony algorithms for convoy movement problems. He is also the Chairperson of Doctoral Programmes at IIM Kozhikode.

- Hamid Mokhtar, Mohan Krishnamoorthy, Niraj Ramesh Dayama, P.N. Ram Kumar (2020), 'New approaches for solving the convoy movement problem', Transportation Research Part E: Logistics and Transportation Review, Vol. 133.
- Wenli Li, Yong Wu, P N Ram Kumar & Kunpeng Li (2020), 'Multi-trip vehicle routing problem with order release time', Engineering Optimization, Vol. 52(8), pp.1279-1294.

Programme Faculty

Prof. Anand G.

*Professor,
Quantitative Methods and
Operations Management*

Prof. Rupesh Kumar Pati

*Professor,
Quantitative Methods and
Operations Management*

Prof. Soumya Roy

*Associate Professor,
Quantitative Methods and
Operations Management*

Prof. Arqum Mateen

*Associate Professor,
Quantitative Methods and
Operations Management*

Programme Modules

MODULE 1: FUNDAMENTALS OF OPERATIONS MANAGEMENT

- Fundamentals of operations in manufacturing and services
- Process and systems view of the organisation
- Product process matrix, process analysis
- Macroeconomics and supply chain

MODULE 2: ANALYTICS IN OPERATIONS

- Statistics for managers
- Descriptive, predictive and prescriptive
- Data visualisation and interpretation
- Decision Tree
- Simulations

MODULE 3: PROJECT PLANNING AND MANAGEMENT

- Project lifecycle management
- CPM and PERT
- Project scheduling
- Critical chain project management

MODULE 4: INVENTORY MANAGEMENT

- Economic order quantity
- Inventory classifications

MODULE 5: SUPPLY CHAIN DESIGN AND MANAGEMENT

- Supply chain planning, concepts, processes and bottlenecks
- Supply chain structure and design
- Network strategy
- Strategic sourcing and procurement
- Sustainability
- Forecasting and Supply chain analytics

Programme Modules

MODULE 6: QUALITY MANAGEMENT

- Quality management principles and TQM
- Quality dimensions and measures
- Quality tools and methodologies
- Implementing quality planning and assurance
- Quality analytics

MODULE 7: SIX SIGMA & LEAN OPERATIONS MANAGEMENT

- Six Sigma and Lean management concepts
- Theory of constraints

MODULE 8: ADVANCED CONCEPTS

- Linking operations to overall organisational strategy
- Linking operations to financial goals
- Risk management and innovation
- Operational leadership and change management

Note: Modules/ topics are indicative only, and the suggested time and sequence may be dropped/ modified/ adapted to fit the total programme hours.

Capstone Project

The hands-on group project with four to five members is an integral part of the programme completion and will enable you to apply your learnings in a real-world business scenario. You and your team members can work on any domain for the project, preferably your working domain. Guided by IIM Kozhikode faculty and industry experts, explore how sound operations management and analytics can enhance your ability to optimise in-house processes and systems to minimise costs and maximise business profit.

Real-world Case Studies

Enhance your conceptual understanding from the programme modules with real-world business use cases in operations management and analytics. Develop your strategic thinking skills, learn best practices and actionable insights to effectively drive operational efficiencies. These use cases will include:

- Merck and Company - Evaluating a drug licensing opportunity
Learning Objective: Decision Trees
- ABC Paper Manufacturing Case
Learning Objective: Linear Programming
- AIC Netbooks
Learning Objective: Assembly Line Balancing
- Three Jays Corporation
Learning Objective: Inventory Management

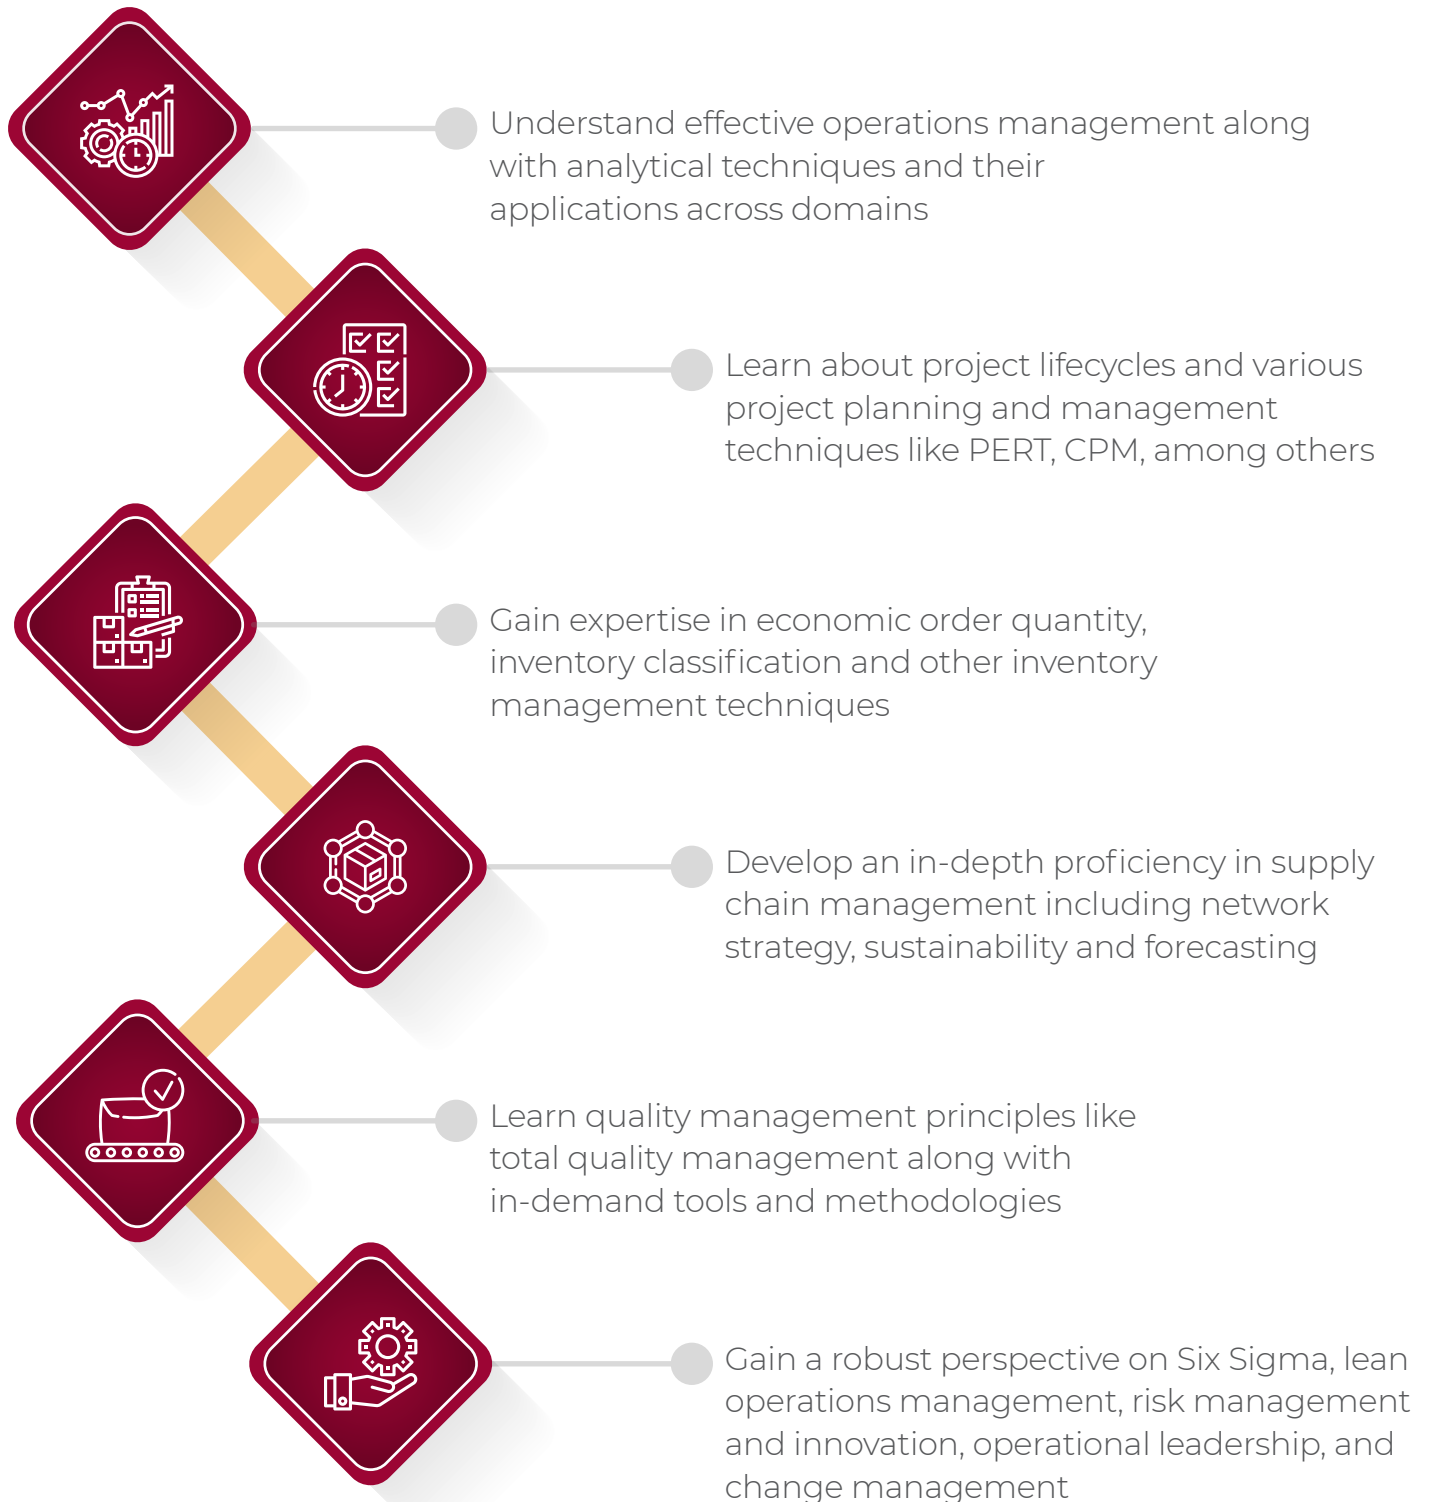

Note: Listed above are a few indicative case studies and the programme will include additional case studies specially curated by the faculty.

Learning Outcomes

Build in-demand skills in optimising the operations value chain with advanced strategies and analytics to achieve competitive advantage and operational excellence for your business.

Joining this programme will enable you to:

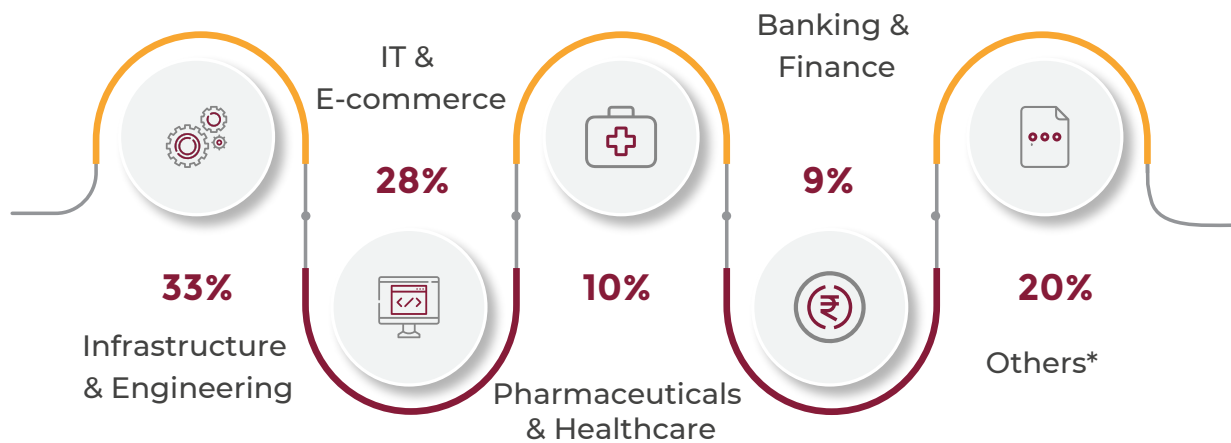

Past Participant Profile

Work Experience

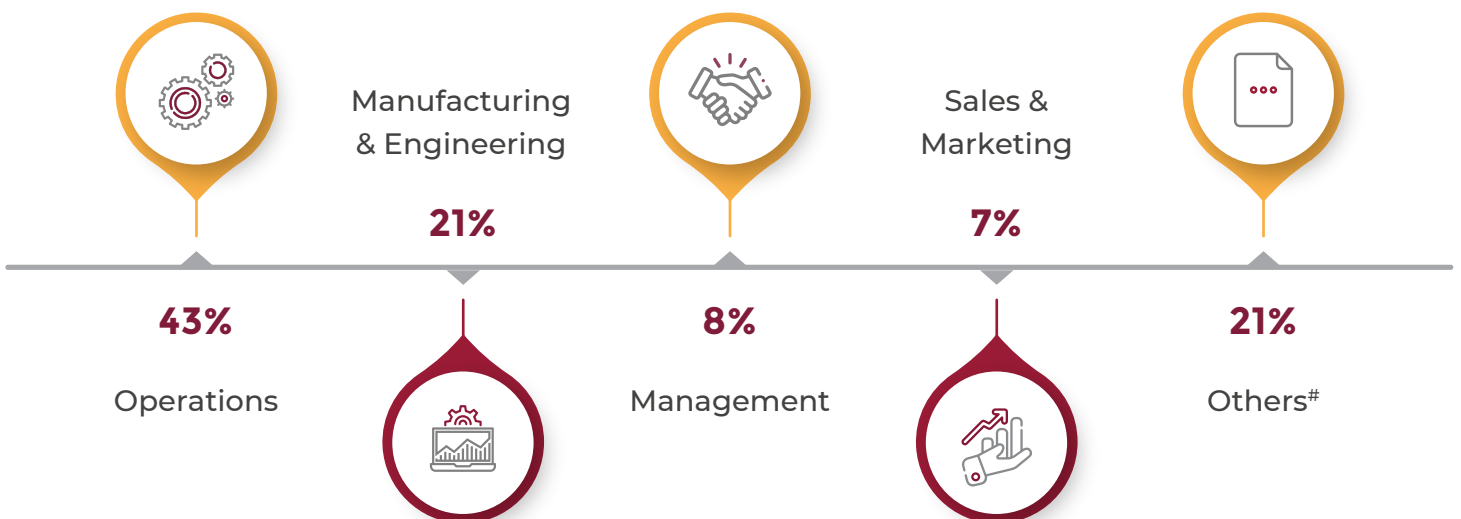

Industries

*Others include Agriculture, FMCG, Media, Retail etc.

Participant Job Functions

#Others include Finance, R&D, IT, Consulting etc.

Certificate

Participants will be awarded a completion certificate from IIM Kozhikode on successfully completing all evaluation components and maintaining a minimum attendance of 75%. Participants who are unable to clear all evaluation components, but have a minimum attendance of 75% shall be awarded a participation certificate.

Note: All certificate images are for illustrative purposes only and may be subject to change at the discretion of IIM Kozhikode.

Eligibility

Graduates (10+2+3)/ Diploma Holders (only 10+2+3) in any discipline from a recognised university with minimum 1 year of work experience (after graduation or diploma) as on June 30, 2022.

Evaluation

There will be periodic evaluations built-in throughout the programme at regular intervals. These may be in the form of quizzes, case study analysis, capstone project presentation, performance in the simulation or other objective/ subjective assessments. A minimum of 75% attendance is a prerequisite for the successful completion of this programme. The participants will have to secure the minimum pass marks considering all evaluation components.

IIM Kozhikode Executive Alumni Status

On successful completion of the programme, participants will be eligible for the prestigious IIM Kozhikode Executive Alumni Status. These participants will subsequently receive the alumni registration details from IIM Kozhikode.

Programme Details

Programme Fee INR 1,70,000 + GST

Academic Orientation July 16, 2022

Instalment Schedule

Particulars	Remarks	Amount
Booking Amount	Within 7 days post selection	INR 17,000 + GST
Instalment I	Jul 04, 2022	INR 34,000 + GST
Instalment II	Nov 10, 2022	INR 68,000 + GST
Instalment III	Mar 10, 2023	INR 51,000 + GST

Note:
- The actual programme schedule will be announced closer to the programme start
- In case a programme session corresponds with a public holiday, the session would be held on the following day
- GST (currently @ 18%) will be charged extra on these components

Round-wise Application Dates

Particulars	Application Fee	Dates
Round 1	INR 1,500 + GST	Apr 27, 2022
Round 2	INR 2,000 + GST	May 25, 2022

Programme Schedule

Live Online Sessions

3 Hours/ week
Saturday, 12:15 PM to 3:15 PM

Attendance

Minimum 75%

Note

Admissions are on a first-come, first-serve basis. There might not be subsequent rounds if seats are filled in the initial rounds.

For more information, please email at iimk.execed@emeritus.org

Note: The actual programme schedule will be announced closer to the programme start.

Application Requirements

Applying to the programme? We suggest you keep the following 3 documents ready.

1. Your Photo ID Proof:

You can submit a scanned copy of ANY ONE of: Aadhaar Card, e-Aadhaar, PAN Card or the first two pages of your Passport. In case you submit an e-Aadhaar card, please rename the file to its password so we can open the file.

2. Your Graduation/Degree:

You can submit a scanned copy of ANY ONE of: Degree certificate, provisional Degree certificate, marks transcript or score transcript.

3. Your Work Experience Certificate:

- You can submit scanned copy(ies) of document(s) which demonstrate that you have the minimum work experience required by the programme.
- You can confirm the minimum work experience requirement of a programme under the heading '**Eligibility**' in the brochure or the programme website.
- Examples of documents you can submit are joining letter, relieving letter, Bonafide work experience letter from your HR, salary slips etc.
 - These documents must be issued by your company.
 - Please ensure that the document(s) you submit contain a **date of joining** and a **date of leaving** or a **statement** about the **number of years** you have worked at the company.

Application Requirements

This programme includes live online classes. To attend a live online class you will need to have a PC/Laptop/Mac with

Speakers and microphone: built-in or a USB plug-in or wireless Bluetooth

Webcam: built-in or USB plug-in

Processor: with Dual Core 2Ghz or higher (i3/ i5/ i7 or AMD equivalent)

RAM: 4 GB or higher

OS: Either MacOS 10.7 or higher OR Windows 8 or higher

An internet connection: Minimum bandwidth of 3.0 Mbps (up/ down)

Browser: IE 11+, Edge 12+, Firefox 27+, Chrome 30+

Zoom software client installed on your PC/ Laptop/ Mac

We use the Zoom software application to conduct live online classes. Zoom works on a variety of PCs/ Laptops/ Mac systems and also on phones and tablets.

You can join your live online class from a phone or tablet if it supports the Zoom client.

We recommend that you attend classes from a PCs/ Laptops/ Mac.

About IIM Kozhikode

IIM Kozhikode ranks 15th in Asia Pacific and #101+ globally in the QS World University Global Executive MBA Rankings 2020. Since its inception, IIM Kozhikode has successfully carved its niche in the area of management education, through a judicious blend of academics and real-world practice. The Institute continually adapts to the rapid influx of changes in the Indian business landscape by providing cutting-edge Management Development Programmes with innovative pedagogy and content to impart industry-relevant knowledge and skills to its executive education participants. Last year, IIM Kozhikode trained more than 3,400 executives through a wide gamut of programmes uniquely crafted for agile minds interested in thought-provoking questions and learning centred on business transformation and growth.

About Emeritus

IIM Kozhikode is collaborating with online education provider Emeritus to offer a portfolio of high-impact online programmes. Working with Emeritus gives IIM Kozhikode the advantage of broadening its access beyond their on-campus offerings in a collaborative and engaging format that stays true to the quality of IIM Kozhikode. Emeritus' approach to learning is built on a cohort-based design to maximise peer-to-peer sharing and includes video lectures with world-class faculty and hands-on project-based learning. More than 250,000 students from over 160 countries have benefitted professionally from Emeritus' courses.
