

# CLIMATE CHANGE & RENEWABLE ENERGY TRAINING PROGRAM

5 DAY RESIDENTIAL  
TRAINING PROGRAM

(12 - 16 JAN 26 & 16 - 20 MAR 26)

*Globalizing Indian Thought*

**TATA POWER-DDL**

## OBJECTIVE

Gain practical insights into India's evolving power distribution landscape—covering key issues like infrastructure gaps, losses, and energy theft. Explore smart metering, digital utilities, risk management, and demand-side strategies. Learn how climate change and clean energy goals are shaping future reforms. The course blends technical knowledge with real-world applications and crisis leadership skills.

## WHAT WILL YOU LEARN!

- Energy economics and climate change
- Risk Management in Power Distribution
- Energy as a service business model
- Digital utility and data analytics
- Advancements in Renewable Energy and Electrical Vehicle Charging Infrastructure
- Leadership communication in crisis management

## METHODOLOGY

Lectures

Discussions

Case Study

4 SESSIONS PER DAY COMPRISING OF  
LECTURE AND Q&A ON ALL 5 DAYS

## ABOUT THE PROGRAM

This national-level capacity-building program is a collaborative initiative between Tata Power Delhi Distribution Limited (TPDDL) and the Indian Institute of Management Kozhikode (IIM-K). It is designed to empower senior professionals from the power, energy, and infrastructure sectors to lead India's transition toward a low-carbon and technology-driven future. The five-day course combines Tata Power-DDL's practical technical expertise with IIM Kozhikode's strategic and policy-oriented insights. Participants will gain actionable knowledge in areas such as climate change, digital transformation, risk management, renewable energy, and leadership during crisis situations. The program aims to equip them with the tools and vision needed to navigate the evolving energy landscape.

### TOPICS TO BE COVERED

- Smart Grids & Metering
- EaaS Models
- EV & Renewables
- Grid Digitization
- Advanced Data Analytics
- Demand-Side Management
- Sustainable Business Models
- Policy & Regulation
- Energy & Climate Policy
- Risk Management
- Sustainable Strategies
- Leadership communication in crisis management

# IIM KOZHIKODE

## About the Institute:

Indian Institute of Management Kozhikode (IIMK), established in 1996, is the fifth IIM set up by the Government of India in collaboration with the Government of Kerala. Nestled amidst the scenic Western Ghats in Kunnammangalam, Kozhikode, the institute is spread across approximately 112.5 acres. IIMK offers a wide range of management programs, including MBA, executive education, and research opportunities, designed to equip professionals with practical skills, strategic thinking, and a global perspective. With a strong focus on ethics, sustainability, and innovation, IIM Kozhikode continues to shape leaders who can make a meaningful impact in business and society.

## Academic Excellence & Global Recognition and Rankings:

IIM Kozhikode offers a diverse portfolio of programs, including its flagship MBA (PGP), specialized Post Graduate Programmes in Finance, Liberal Studies & Management, and Business Leadership, along with Executive MBA programs (including at its Kochi campus), PhD programs, Management Development Programmes (MDPs), and a newly launched four-year Bachelor of Management Studies (Honours) under NEP 2020. Consistently ranked among India's top B-schools, IIMK holds the 3rd position in NIRF 2024 and is globally accredited by AMBA and EQUIS. The institute is also progressing toward AACSB accreditation, aiming for the prestigious "Triple Crown" status.

# TATA POWER DDL

Tata Power Delhi Distribution Limited (Tata Power-DDL) is a joint venture between Tata Power and the Government of NCT of Delhi. It is responsible for distributing electricity in the north and northwest areas of Delhi, serving a population of approximately 7 million people. The company started operations on July 1, 2002, following the unbundling of the Delhi Vidyut Board.

Today, AT&C losses stand at 5.54 (as of FY 2024-25) which is an unprecedented reduction from an opening loss level of 53% in July 2002.

Tata Power-DDL is the first Indian utility to be a member of Global Intelligent Utility Network Coalition (GIUNC) which is a coalition of 14 power utilities worldwide and is working towards accelerating the development of common standards, technology solutions and processes for intelligent networks.

## DESCRIPTION OF CHARGES

### Program Fee

| DESCRIPTION OF CHARGES                                     | UNIT RATE                               |
|------------------------------------------------------------|-----------------------------------------|
| Cost of Training comprising of<br>20 sessions in one Batch | Rs. 6,000 per day<br>(residential)      |
|                                                            | Rs. 5,000 per day<br>(non-residential). |
