

Indian Institute of Management Kozhikode **PGP Admissions Policy and Procedure for 2023-2025 Batch**

IIM Kozhikode adopts a three-staged selection process for its admissions to the PGP 2023-2025 batch. The details of the three stages are given below:

Stage 1: Registration of Candidates Meeting the Minimum Eligibility Criteria

In Stage 1, the following minimum eligibility criteria will be applied to all those candidates who have opted for IIM Kozhikode. Only candidates obtaining a positive (greater than zero) raw score in all sections of CAT 2022 will be considered. All candidates with a graduation degree must secure a minimum of 60 percent aggregate marks¹ in their graduation degree and all candidates without a graduation degree must obtain a minimum of 50 percent aggregate marks in CA/ICWA/CS to qualify.

Table 1: Minimum Eligibility Criteria

Category	CAT Score Percentile	Sectional Percentile	SSC/X Class Percentage*	HSC/XII Class Percentage*
GEN	85	75	60	60
NC-OBC/EWS	75	65	60	60
SC	65	55	55	55
ST/PwD	55	45	55	55

* The percentage of marks obtained in Class X and Class XII would be calculated based on the aggregate marks of all subjects that appear in the marks sheet or grade sheet, irrespective of whether the Board considers them for calculation of percentage.

Note: General (GEN), Economically Weaker Section (EWS), Scheduled Caste (SC), Scheduled Tribe (ST), Non-creamy Other Backward Caste (NC-OBC), Persons with Disability (PwD).

All candidates who have opted for IIM Kozhikode and are fulfilling the above-mentioned minimum eligibility criteria are eligible to register for the IIM Kozhikode PGP programme and would receive an email for online registration for admissions to IIM Kozhikode. Only those candidates who have successfully completed the online registration process for IIM Kozhikode will be considered for Stage 2. Please note that this is a pre-interview registration process and not the call for interview.

Stage 2: Shortlisting for Writing Ability Test (WAT) and Personal Interview (PI)

The Stage 2 process applies to all eligible candidates who have successfully completed the registration process in Stage 1 for the admissions to IIMK and it is for the determination of the candidates to be called for personal interview (PI). A shortlist of candidates in each category will be prepared based on an Aggregate Index Score (AIS). The AIS is computed based on the performance in CAT 2022, Class X, Class XII, gender/academic diversity criterion, and work experience. The weight of each component in the AIS is as follows:

¹ Candidates who have not received any marks for their graduation but have a pass certificate will be accepted to Stage 2 subject to signing a declaration of the non-availability of marks. Independent vetting will be conducted for such cases with the concerned university/college.

Table 2: Aggregate Index Score Computation for Stage 2 Shortlist*

Component	Weight
CAT 2022 Index Score	45%
Class X Percentage Score	25%
Class XII Percentage Score	15%
Gender/Academic Diversity Score	10%
Work Experience Score	5%

* The number of candidates shortlisted would be at the discretion of IIMK and would depend on the batch size planned for 2023-25.

The details of each component are given as follows:

1) CAT Index Score

Scaled scores from the three sections (with equal weightages) of CAT 2022 will be considered for the computation of the CAT Index Score. The CAT Index Score will carry a weight of 45%.

2) SSC/Class X/IB/Equivalent Percentage Score

The percentage of marks obtained in SSC/Class X/IB/Equivalent would be calculated based on the aggregate marks of all subjects that appear in the marks sheet or grade sheet, irrespective of whether the Board considers them for calculation of percentage. The SSC/Class X/IB/Equivalent percentage scores are first adjusted by dividing each score by the highest percentage score obtained in the Board and then that adjusted score is multiplied by 25. The database of SSC/Class X/IB/Equivalent percentage scores of all CAT applicants for the past three years including the current year is used for identifying the highest percentage score of a Board.

3) HSC/Class XII/IB/Equivalent/Diploma Percentage Score

The percentage of marks obtained in HSC/Class XII/IB/Equivalent/Diploma would be calculated based on the aggregate marks of all subjects that appear in the marks sheet or grade sheet, irrespective of whether the Board considers them for calculation of percentage. The HSC/Class XII/IB/Equivalent/Diploma percentage scores are first adjusted by dividing each score by the highest percentage score obtained in the stream of that Board and then that adjusted score is multiplied by 15. The database of HSC/Class XII/IB/Equivalent/Diploma percentage scores of all CAT applicants for the past three years including the current year is used for identifying the highest percentage score of a stream in a Board.

4) Gender/Academic Diversity Score

Marks are awarded for gender/academic diversity. Only female/transgender candidates are eligible for a gender diversity score. A candidate with (or pursuing) a bachelor's degree or equivalent in a discipline other than engineering/technology will be eligible for the academic diversity score. A candidate is entitled only to an applicable diversity score of 10, from either gender diversity or academic diversity and not both.

5) Work Experience Score

- a) Previous work/professional experience will carry a weight of up to 5%, depending on the length of service as on December 31, 2022. Only fulltime remunerative work experience after graduation will be considered. Part-time/Project/Internship/Articleship/Pre-Graduation work experience will not be counted as work experience. A candidate with a work experience of 6 months or above will be eligible for work experience score. A sample illustration of the marks awarded is provided in [Annexure 1](#).
- b) Reg. Self-employment/partnership experience: fulltime self-employment must be established using **income tax returns** pertaining to years of employment and any two of the following documents:
- Registered partnership deed,
 - MCA/RoC firm registration certificate,
 - GST registration of firm,
 - Firm's audited statements of account (for at least two continuous financial years),
 - DIPP Certificate of Recognition.

At least one of these documents should indicate the name of the firm and the name of the candidate as promoter/director. The other document must refer to the firm's name or registration number. The later date in these two submitted documents will be taken as the start date of self-employment. Both dates used to calculate start of self-employment must be after date of award of candidate's last educational qualification. A sample illustration of the marks awarded is provided in Annexure 1.

Stage 3: Final Shortlist

The short-listed candidates will have to appear for a WAT followed a PI. IIM Kozhikode will conduct the WAT and PI in Bangalore, Hyderabad, Kolkata, Kozhikode, Mumbai and New Delhi. The entire process will last for a half-day (morning or afternoon). In this process, the candidates will be writing an essay, which will be followed by the PI. The essay topic will be announced at the venue just before the start of the WAT session. During the PI process, the panel will evaluate the academic efforts and disposition, general awareness and social disposition, attitude, personality and communication and the quality of work experience of each candidate. The resume score will be calculated based on the quality of academic and professional qualifications.

After the conclusion of the WAT and PI process, the final scores will be computed (see Table 3) based on the performance in CAT 2022, PI, WAT and resume score. Category-wise merit list will be prepared based on the final scores. Admission offers will be made to candidates following the merit list as per the Government of India reservation norms.

Table 3: Final Score Computation
