Learning is a lifelong endeavour; continuous learning expands an individual's perspective and contributes to her/his decision making. Growing up the corporate ladder would bring along newer challenges and the Executive Programmes offered by IIMK empower them to take on these challenges with increased confidence.

IIMK pioneered executive education through Interactive Learning (IL) for working executives in the Asia Pacific region way back in 2001. The two-year EXECUTIVE POST GRADUATE PROGRAMME IN MANAGEMENT for working professionals offered on the Interactive Platform was conceived to enable the working executives to equip themselves with the necessary skills and knowledge. Currently the programme is delivered through the technology platform of Times Professional Learning (A division of Bennett, Coleman & Co. LTD).

The programme's first year delivers core courses in General Management. During the second year, the programme offers a host of Elective Courses offered by various Academic Areas. In addition to the elective courses, advanced compulsory courses such as Leadership and Corporate Accountability, International Business, Capstone Simulation & Business Plan Project are also offered in the second year. The participants can attend the classes from one of the 68 centres across 44 cities in India. IIMK reserves the right to conduct classes via online D2D mode if the situation warrants.

IN-CAMPUS MODULES – The programme comprises of three in-Campus modules (held at IIMK, Campus), one at the start of the first year, one at the beginning of the second year and the third at end of the second year. **IIMK reserves the right to conduct in-campus modules via online medium if the situation warrants.**

On Successful completion of the programme, participants would be awarded the title “**Master of Business Administration (MBA)**”.
