## **BRIEF BACKGROUND**

The Indian Institute of Management Kozhikode was established in 1996 by the Government of India as the fourth IIM in the country, in collaboration with the state government of Kerala. Spread over about 115 acres of land, the Institute is situated on two hillocks, located amidst the scenic setting of the Western Ghats. The Institute, known for its rigorous academic programmes, has emerged as a centre of excellence in management education and has earned a unique position for itself in this field.

## IMPORTANT INFORMATION

1. International Exchange (IE) programme is open only for masters' students who are in their final year of study. Undergraduate students are not eligible to apply.
2. Class attendance is an integral part of the curriculum at IIMK. Occasionally, classes are scheduled until late evenings and during weekends to accommodate large number of elective courses. Due to this, it is necessary that a student always spends his/her time in the campus during the term.
3. Some courses are highly quantitative in nature. Hence, prospective students to IE programme are strongly encouraged to diligently go through the detailed course outlines and make informed selection of the courses before the term deadlines provided below.
4. Owing to limited availability of vacant slots and pre-requisites for courses, it is not possible to guarantee that every student will be allotted the courses he/she opts for. Nonetheless, IR office tries its best to allot the courses based on the choices provided by the students.
5. After obtaining confirmation from the students regarding their course allotment, IR office freezes the same and any further requests for change of courses will not be entertained.
6. All courses are taught only in English.
