Eligibility

- A bachelor's degree* or its equivalent in any discipline with minimum 50% aggregate marks or equivalent CGPA.
- In absence of a recognized bachelor's degree, CA/ICWA/CS with 50% marks is acceptable.
- The degree obtained from a foreign University subject to producing the equivalency certificate from AIU (Association of Indian Universities) or any Government of India approved assessment agency, or an Indian University approved by UGC along with the proof of aggregate percentage of marks obtained in the programme completed.
- Three years of managerial/entrepreneurial/professional experience after successful completion of graduation as on the deadline of submitting the application online. Work experience before completion of graduation will not be considered for eligibility. An experience certificate issued by the current employer dated after the online application submission date is necessary in the case of applicants who have exactly three years of work experience while applying for the programme. In case of applicants with more than three years of work experience while applying for the programme, latest experience certificate along with other experience certificates justifying the three years will be sufficient to prove eligibility. However the years of work experience calculated will be subject to the proof of documents submitted. The date of issue of the provisional certificate/original degree certificate/convocation date (whichever is earlier) will be considered as the date of graduation to calculate the work experience after the graduation.

**Bachelor's degree awarded by any of the Universities incorporated by an act of the central or state legislature in India or other educational institutions established by an act of Parliament or declared to be deemed as a University under Section 3 of the UGC Act, 1956 (Click here for the list of universities) or possess an equivalent qualification recognised by the Ministry of HRD, Government of India. The percentage of marks obtained by the applicant in the bachelor's degree would be calculated based on the practice followed by the university/institution from where the applicant has obtained the degree. In case the applicants are awarded grades/CGPA instead of marks, the conversion of grades/CGPA to percentage of marks would be based on the procedure certified by the university/institution from where they have obtained the bachelor's degree. In case the university/institution does not have any scheme for converting CGPA into equivalent marks, the equivalence would be established by dividing the applicant's CGPA by the maximum possible CGPA and multiplying the result by 100.*

The minimum eligibility criteria adopted by IIMK in the admission for the Executive Post Graduate Programme in Management is given below:

ASHISH GUPTA

Vice President,

Doing my postgraduation from IIM Kozhikode was a dream experience. I remember visiting the campus for the first time and breathing in deeply of the atmosphere of positivity. The yen for learning, knowledge, and gaining perspective, was incredibly infectious. Looking forward to the learning sessions and burning the midnight oil to make good grades; all came to fruition on Convocation Day when the degree was conferred.

The depth and breadth of the world-class course curriculum has enabled me to stay ahead in my peer group. The concepts and framework taught by IIM Kozhikode faculty have real-life business applications. It has aided my transition from a delivery-centric project management role to a business strategy consultant. As well as earned me the appreciation of my company's top management.

PURANAM PRAKASH

The two-year course has given me a completely different perspective. Challenges are approached from a different dimension and resolved without fear of failure. Great improvement in interactions. Became a mentor and guided juniors. Successfully developed and tested a new product, thus replacing an existing imported additive under cost leadership initiatives. Finally, got promoted from Chief Manager to DGM.

The learning from this course is immense. I felt like I was back in school as I joined a class of 180 at IIM Kozhikode. The in-campus modules were a truly great experience, while the campus itself elevated the whole experience. It was fun, and those late-night submissions at 11.59 p.m. will always be a cherished memory. I just miss it now. Love IIMK. Branded for Life.

600-plus students join EMBA prog of IIM-K

TIMES NEWS NETWORK

Kozhikode: IIM-Kozhikode on Tuesday saw the induction of a record-breaking 16th batch of executive post graduate programme (EPGP 16), with 619 students joining the EMBA programme.

It is for the first time the programme has inducted 600-plus students, a 17% jump from the previous year.

"The growing national and global reputation of IIM-Kozhikode's legacy EMBA offering had resulted in 500+ students joining IIM-K for three successive years, for batches preceding EPGP-16," the institute said in a press release on Tuesday.

The current cohort also saw more than 24% of female participants, which is the highest ever gender diversity that the programme has ever witnessed. The cohort jointly represents 150-plus firms and more than 50% of the batch is constituted of participants in the 30-39 age group. Candidates represent diverse areas such as IT/software, public sector, energy, aerospace, education, consulting, manufacturing, automotive, banking & insurance. Candidates with 6-9 years of experience make up for 32% of the batch.

Lenovo India Pvt Ltd MD Shailendra Katyal, who was the chief guest at the function, urged the MBA aspirants to focus on developing a learning mindset with 'unlearning' and 'relearning' as its key traits. Taking the age-old debate on 'specialists' vs 'generalists' head-on, he stressed the importance of creating 'pockets of expertise' to counter future business challenges which are rapidly transitioning from VUCA (volatility, uncertainty, complexity, and ambiguity) to BANI (brittle, anxious, nonlinear, and incomprehensible) world order.

IIM-K director Debashis Chatterjee said the tremendous response to the programme is a testimony to the institute's standout academic rigour, high corporate acceptability and global recognition. "Learning is all about adaptability, curiosity and creativity. Our unique academic space at IIM-Kozhikode is designed to create aspirations, because aspirations drive the business and drive a nation," he said.
