Post Graduate Programme in **Business Leadership**

A Unique One Year Programme for Aspiring Business Leaders

भारतीय प्रबंध संस्थान कोषिककोड
**Indian Institute
of Management
Kozhikode**

Businesses today need leaders to sustain and thrive in a volatile, connected and non-linear world and this offering is precisely aimed to fill this gap. This leadership programme aims to systematically nurture and shape experienced minds into high potential leaders who are authentic, capable, multi – dimensional, and grounded in core values.

Prof. Debashis Chatterjee
Director, IIM Kozhikode

Leadership in any domain is inherently linked to pursuit of excellence. Excellence comes from a deep-seated urge for self-perfection. We are looking for candidates who have that urge already awakened in them and are looking for a direction to carry it further. The inherent complexity of business decisions makes only the most passionate, committed and lifelong learners to thrive. Our program aims to enable such transformative leaders in their journey towards business excellence.

Prof. Shubhasis Dey
Dean Programmes & International Relations

The program aims to provide experienced, dedicated, and talented managers to the industry, who can be groomed to create a high-value, high-impact leadership pipeline.

Prof. Arqum Mateen
Chairperson, PGP-BL

**Post Graduate
Programme in
Business Leadership**

PGP-BL

The one-year Post-Graduate Programme in Business Leadership is a uniquely designed management programme aimed at shaping young graduates with relevant work experience into potential business leaders through a high-intensity and holistic curriculum and regimen.

Indian Institute of Management Kozhikode (IIMK) is currently on a high growth trajectory, offering the widest range of academic programmes in the field of management education and has consistently brought notable innovations to programmes design and delivery. In keeping with this pioneering spirit, IIMK's Post-Graduate Programme in Business Leadership (PGP-BL) is specially crafted to combine academic instruction with global exposure, and deep sensitization to critical aspects of leadership and responsible business, fashioned through a development regime that enables personalized learning and reflection. By facilitating the holistic development of young professionals with experience, this programme aims to provide industry 'on a platter', well-rounded managers with strong leadership potential - Capable, confident, multi-dimensional, empathetic, mindful and values-centric future leaders who can 'hit the ground running'. A notable feature of this program is the infusion of Eastern values and timeless Indian leadership thought into the curriculum in a manner that can bring together the best of the East and the West in a holistic package.

Programme Design

The PGP-BL is a one-year, full-time, residential programme that will have as integral elements, a global immersion module and placement assistance. The programme is structured to have five terms of 8 to 9 weeks.

The course work will be rigorous and relevant and will encourage practical application. At the core, the PGP-BL programme will have an academic instruction capsule that will provide young professionals with a condensed/intense dosage of domain knowledge in all the critical and essential aspects of business. This will be accentuated by the following:

- A global immersion module that combines an international business school experience as well as industry exposure in other countries
- A capstone module that includes a structured orientation to the key attributes of ethical and responsible business management and leadership.

The PGP-BL involves a structured intervention and instruction design that is intense & high-energy. Yet, the programme is also crafted to allow students the time and space for reflective assimilation, with a strong emphasis on experiential learning, in order to develop them holistically as multi-dimensional future leaders. It will constantly encourage students to distill knowledge through experience & integrate it in a manner that converts their potential into performance, with clarity, focus, perseverance and courage; much like the fabled archer of yore, Arjuna, unleashing his talent before the world. Ultimately, IIMK Kozhikode's post-graduate programme in business leadership is a lifetime opportunity for students to discover their inner Arjunas.

Alumni

The IIM Kozhikode Alumni Association brings together graduates of a variety of programmes right from its inception. The collective strength of this alumni network is the backbone of IIMK. The Students Alumni Cell (SAC) acts as a platform between the illustrious alumni and their alma mater, giving the current students and the alumni a chance to develop positive synergies and grow together in the process. SAC aims at increasing alumni engagement with the campus via a series of events spread across the year.

Campus

The IIM Kozhikode campus also called "Gods Own Campus" is located in Kunnamangalam, a sub-urban area of Kozhikode city in North Kerala. The campus is spread across two hills and set up over 112.5 acres of land. The immaculately tranquil, oxy rich campus offers an exemplary learning experience.

Testimonials

"After completing almost five years in the corporate world, I decided to take a career break and pursue the One Year Full Time MBA at IIM Kozhikode. The Post Graduate Program in Business Leadership has been a transformative experience for me. From academics, which were taught to us by the top-notch faculty at IIMK, to the diverse peer group in classrooms to the various extracurricular activities I participated in during my time at campus, everything contributed to the rich and holistic MBA experience.

Personally, being a part of the students' committee added a lot of value to my journey at IIMK. IIMK is a student-run campus, and the authorities and admin encourage student-run bodies to take up and run various entrepreneurial initiatives while on campus, which allowed me to learn management lessons outside the classroom.

One of the perks of joining the program is that it gives one access to the 10K+ strong IIMK alumni network. Students can leverage this network to enhance their learning experience while also opening up avenues for various career opportunities.

Overall, choosing PGPBL has been one of the most important investments that I have made in my professional career. I am sure it will yield long-term dividends for all the students and catapult them into a high growth trajectory."

Anur Rajiv Dixit – PGP-BL (Class of 2021)

"Coming from a Computer Science engineering/IT background, I was not much aware about the happenings and trends in other industries. PGP-BL with its wholesome curriculum and my peers with their diverse experiences helped me broaden my knowledge in a very short span of time, which otherwise would have taken me years to understand. From being a part of various committees/circle, organizing events, solving cases together, sitting in the IIMK classrooms learning from the best professors, attending international immersion, submitting assignments at 23:59:59, snacking at the night canteen to all the hostel fun, and drama, PGP-BL has it all. I definitely had a memorable experience. If you're looking to enhance and grow your career, do not hesitate to go ahead and apply yourself to this programme at IIM Kozhikode."

Prashasti Varshney – PGP-BL (Class of 2021)

"The PGP in Business Leadership program in IIM Kozhikode presented a unique platform to upskill my business acumen and management prowess. The course structure assisted in building certain foundational blocks that were essential towards my journey as an entrepreneur. I was able to build my venture during the tenure of the course and address previously invisible gaps. I recommend this course to any young entrepreneur or manager as the development that is imbibed is the best catalyst for their journey"

Aadarsh Sivaraman – PGP-BL (Class of 2021)
